PROFESSIONAL SUMMARY

Final-year Computer Science student graduating September 2026 with experience in Java development, SQL, debugging, and enterprise software support. Completed a Software Support Engineer internship in a production environment and multiple Java-based academic projects.

EDUCATION

BSc in Computer Science - University of Limerick

Expected September 2026

QCA: 3.6 / 4.0 (First Class Honours expected)

TECHNICAL SKILLS

Programming Languages: Java, Python, C#, SQL

Databases: MySQL, Firebase Firestore

Tools: Git, SQL Server Management Studio (SSMS), SQLAdmin, Trello

Core Skills: Object-Oriented Programming, Debugging, Software Troubleshooting, Incident Management

PROJECTS

Student Timetable Application - Java, Firebase Firestore | [GitHub](#)

- Developed a Java-based application to manage student timetables
- Integrated Firebase Firestore for data persistence and retrieval
- Implemented CRUD operations and database queries

Student Records Management System - Java (CLI) | [GitHub](#)

- Built a command-line system for managing student and course records
- Implemented validation, menu-driven navigation, and data handling
- Collaborated in a 4-person Agile-style team

EXPERIENCE

Software Support Engineer (Co-op) - AMCS Group | Jan 2025 - Aug 2025

- Provided technical support for enterprise software in a live production environment
- Investigated and resolved application issues using logs, SQL queries, and debugging tools
- Collaborated with engineering and QA teams to resolve defects
- Supported incident management and customer-facing problem resolution

Student Tutor (ICT Learning Centre) - University of Limerick | Sep 2023 - Present

- Delivered Java programming tutorials and weekly ICT support sessions
- Assisted students with debugging, OOP concepts, and SQL fundamentals
- Presented technical concepts clearly to students with varying skill levels

Sales Assistant - Decathlon | Apr 2023 – Sep 2023

Workshop Assistant (Seasonal) - McKeogh Brothers | Jun 2021 - Sep 2022
